

Municipality of Hastings Highlands Secondary Plan for the Hamlet of Birds Creek

Notice of Project Launch

The Municipality of Hastings Highlands is studying the long-term growth and development of the Hamlet of Birds Creek. The study and a resulting Secondary Plan is being undertaken in accordance with the *Planning Act* of Ontario and with the participation of the County of Hastings.

The Municipality of Hastings Highlands has experienced limited but steady growth since 1991. Birds Creek has absorbed much of that growth. As a result, Birds Creek now forms a viable community which is looking for enhanced opportunities. The Municipality wishes to explore options for development in the hamlet through the preparation of a Secondary Plan.

Public and agency comments will be incorporated into the study and resulting Secondary Plan. There will be numerous opportunities for public involvement which will be advertised in the future.
