NOTICE

To the Residents of Hastings Highlands

The Municipality of Hastings Highlands would like to advise its residents that effective January 1, 2015 The Municipality will **NO LONGER PROVIDE CURBSIDE** garbage or recycling pick up. Residents will now have to take their own garbage and recycling to one of the nine (9) Municipal landfill sites. (Landlords please notify tenants)

This was a decision the Municipality was forced to make. The Municipality received NO response for the advertised contracted service for curbside garbage collection. The Municipality will increase the landfill sites days and hours of operations to service our residents. The clear bag policy is still in effect.

Please visit the Municipal website at www.hastingshighlands.ca for further information and updates.

The Municipality apologies for any inconvenience this change may cause.
