

APPENDIX "A" TO BY-LAW #26-2003

Waste Disposal Sites

Tipping Fee Schedule

Item #1) Tires

A) Passenger car/light truck tires ----- \$3.00/tire

B) Heavy truck/bus tires ----- \$6.00/tire

C) Heavy equipment tires ----- \$10.00/tire

Item #2) Demolition/Renovation/Construction By-Products

A) Dump Truck Load ----- \$300.00

B) Per One Ton/Contractor Trailer Load ----- \$100.00

C) ½ Ton/Trailer Load of shingles ----- \$25.00

Note:

Products from item #2 A & B must be prepaid (estimate of loads) at the Municipal Office, #33011 Hwy. 62 in Maynooth, Ontario. A receipt will be issued to the contractor at the Office upon receiving payment. This receipt can then be produced for the Waste Site Attendant when refuse is taken to the dump. Waste by-products must be sorted so that unpainted lumber and burnable items are placed in the burn pile, metals are dumped in the scrap pile and shingles along with painted materials etc. are placed in the landfill.

Any appliance containing freon will not be accepted at any waste site unless tagged with a certificate indicating that the freon has been removed by a qualified technician.

These fees are based on a cost recovery scale for items that are undermining our Municipal Waste Site budget.
